Re: **California Proposition 65**

Dear *Customer Name*,

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. Exposure to these chemicals may take place when products are acquired or used. Exposure may also occur in homes, workplaces, or other environments in California. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Therefore, PLEASE TAKE NOTICE that Wakefield Thermal's products, including but not limited to those identified in the attached appendix, may result in an exposure to Prop 65 listed chemicals.

While certain Wakefield Thermal products may already include Prop 65 warnings – either on tags or packaging – PLEASE TAKE FURTHER NOTICE that the following warnings apply to each respective category of Wakefield Thermal products:

Aluminum Products and Ebonized Plated Products

 **WARNING:** This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Aluminum Products and Nickel-Plated Products

 **WARNING:** This product can expose you to chemicals including Nickel, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

Chromate Plated and Tin-Plated Products

WARNING: This product can expose you to chemicals including Chromium (Hexavalent Compounds), which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

The purpose of the letter is also to obtain acknowledgment of your obligations pursuant to Prop 65 for selling Wakefield Thermals products, as such products may ultimately be sold via retail stores, online, or other sales channels into California. If you resell, in any form or manner, any Wakefield Thermal products, including if it repackages such products or sells such products in portions smaller than those shipped to you, you must ensure all products sold contain the above warning or the warning is otherwise provided to your customer in a manner compliant with Prop 65. Also, if you sell Wakefield Thermal products via websites and/or catalogs, the above warning must be included in the product listing in a manner that “clearly associates it with the item being purchased” and displayed prior to the purchaser finalizing a purchase.

A party’s Failure to provide a Prop 65 warning to its customers may result in legal liability and/or being subject to excessive fines.

Wakefield Thermal requires confirmation from an authorized individual at *Customer Company* that this notification letter has been received, that *Customer Company* has familiarized itself with Prop 65 requirements related to products supplied by Wakefield Thermal, and that *Customer Company* shall, in a manner compliant with Prop 65, give notice of the above warning requirements and/or provide the above warning to its next purchaser or the end user of Wakefield Thermal products.

Please complete and mail the attached confirmation form prior to purchasing products from Wakefield Thermal. Alternatively, you can email the form to Rich Deshaies at rdeshaies@wakefieldthermal.com.

Please feel free to contact me with any questions or for assistance.

Richard Deshaies
Director of Environmental Health & Safety
Wakefield Thermal
120 Northwest Blvd., Nashua, NH 03063

I confirm I have read and understand the information concerning the new California Proposition 65 warning requirements as of Aug 30, 2018, and I am authorized to confirm our compliance to the extent that Proposition 65 warning notices apply to my company.
